

Inclement Weather Notice

During the winter weather season, it is a good idea to make plans for snow and ice.

Baylor Scott & White Family Medicine Las Colinas follows the Coppell Independent School District (Coppell ISD) inclement weather protocol. In the event of inclement weather, the decision to open or close schools will be made no later than 6 a.m. on that day. The district will call the radio and television stations by 6 a.m. to inform them whether or not the schools are to be open or closed. The station will then broadcast the information to the public.

If the clinic is closed due to inclement weather, and you have a medical question that cannot wait until the next business day, please call our office at 972-869-2772 and speak with our answering service.

We apologize in advance for the inconvenience.
